

# A GREAT NEW DIRECTORY of MANUFACTURERS CONSUMER – INDUSTRIAL PRODUCTS

**ATTENTION Liquidators, wholesalers, jobbers, retailers, salespersons, auctioneers, flea market vendors**, looking to start a business, a company looking for certain items or if you want to solicit your company products, our directories can help you. Our directories are used by many different industries throughout the United States and out of the country. **Sales Managers and Account Reps** will find an attractive and easy guide to use in their territories. **Telemarketers** will have accurate telephone numbers and contact names within many departments, which makes this a perfect telemarketing tool. **Market Researchers and Product Planners** can quickly determine market potential and trends within a geographic region, or within a specific industry. **Direct Mail Marketers** will get their message to the right person with the individual's complete name, title, department and address. Coupled with our directory's accuracy, this means high deliverability and a higher readership for your messages. **Listed Executives** use these directories to contact peers in similar industries and develop local roundtable groups.

We are not affiliated with any other company that offers directories. No other directory makes it as simple as this. All the contact information is right at your fingertips. Don't be fooled by high prices for these other directories because they do not have all the contact information that ours supplies. Cost efficient and time efficient is what our NO FRILLS directory is all about.

The cost of directory is \$70.00 for each state listing. Payment can be made by bank check, personal check or money order. **FREE shipping and handling is included.** Mail your bank check, personal check or money order payable to B.Malavenda along with the order form below to or you can
